TETON CO., ID
CLERK RECORDER

DECLARATION OF COVENANTS, CONDITIONS AND RESTRICTIONS
River Meadows P.U.D. Subdivision
Teton County, Idaho

THIS DECLARATION, made on the day hereinafter set forth by the owners of River Meadows P.U.D. Subdivision, County of Teton, State of Idaho, hereinafter referred to as Declarants, in accordance with the plats filed for record on Sept 20, 2004, in Teton County, Idaho as Plat Numbers _____ and which shall hereinafter be referred to as the "properties."

NOW, THEREFORE, Declarants hereby declare that all of the properties described shall be held, sold and conveyed subject to the following easements, restrictions, covenants and conditions (CCR's), which are for the purpose of protecting the value, enjoyment and desirability of, and which shall run with the real property and be binding on all parties having any right, title or interest in the described properties or any part thereof, their heirs, successors and assigns and shall inure to the benefit of each owner thereof.

ARTICLE I

DEFINITIONS

Section 1. **Association** shall mean and refer to a non-profit Idaho Corporation, or other appropriately organized and registered entity, to be known as the River Meadows P.U.D. Subdivision Homeowner's Association, Inc., or any other described homeowner's association by any other name that includes the properties, its successors and assigns.

Section 2. **Declarants** shall mean and refer to Teton Investors, Inc. owner of River Meadows P.U.D. Subdivision and their successors, heirs and assigns;

Section 3. **Parcel or lot** shall mean and refer to Parcels or Lots 1 through 80 of River Meadows P.U.D. Subdivision, with the boundaries described, indicated and shown upon the recorded subdivision plats or Records of Survey of the properties.

Section 4. **Owner** shall mean and refer to the recorded owner, whether one or more persons or entities, of a fee simple title to any parcel or lot, including contract buyers and owners of a beneficial interest, but excluding those having such interest merely as security for the performance of an obligation.

Section 5. **Properties** shall mean and refer to that certain real property known as River Meadows P.U.D. Subdivisions in accordance with the Plats filed for record on Sept 20 2002, in Teton County, Idaho, as Plat Numbers _____ and such additions thereto as may hereafter be brought within the jurisdiction of the Association.

Section 6. **RM PUD** shall mean and refer to the subdivision or development known as River Meadows P.U.D. Subdivision, as per the recorded plat above described.

ARTICLE II

ASSOCIATION MEMBERSHIP AND VOTING RIGHTS

Section 1. ASSOCIATION MEMBERSHIP. Every owner of a parcel or lot which is subject to assessment shall be a member of the Association. Membership shall be appurtenant to and may not be separated from ownership of any parcel or lot which is the subject of assessment.

Section 2. VOTING RIGHTS. The Association shall have one class of voting membership. The members shall be all owners with the exception of the Declarants and shall be entitled to one vote for each parcel or lot owned. When more than one person holds an interest in any parcel, all such persons shall be members. The vote for such parcel or lot shall be exercised as they among themselves determine, but in no event shall more than one vote be cast with respect to any parcel or lot.

Section 3. BOARD OF DIRECTORS. The Board of Directors shall consist of the then currently elected President, Vice-president, Secretary, Treasurer or Secretary/Treasurer combined as one individual. The Design Committee may consist of the above Directors or may be elected separately as an unique entity, as approved by the Association.

Section 4. HOMEOWNER'S ASSOCIATION ORGANIZATION. The Declarants, facilitated by Mark Rockefeller, developer, shall organize upon sale of the first 10% of the lots owned and first sold by the Declarants.

ARTICLE III

COVENANT FOR MAINTENANCE ASSESSMENTS

Section 1. CREATION OF THE LIEN AND PERSONAL OBLIGATION OF ASSESSMENTS. Only parcels or lots sold by the Declarants, its heirs or assigns, and parcels or lots sold or otherwise conveyed by any other party, shall be subject to assessment beginning the first day of the next month following the closing of sale or conveyance of each parcel or lot. Assessment shall not accrue against lots not yet sold by the development owner. The development owner shall maintain the development until a formal organizational meeting of the Association occurs, at which time a budget shall be established and assessments shall be levied. Each owner of any parcel or lot within the properties, by acceptance of a deed thereof, whether or not it shall be so expressed in such deed, is deemed to covenant and to pay when due to the Association:

(a) Monthly assessments or charges, which shall be billed monthly, quarterly or annually, or as decided by the Association. Billing and collection of assessments shall be performed by the Secretary/Treasurer of the Association. At the mutual agreement of the Declarants, the Association and Mark Rockefeller d.b.a. Rockefeller & Associates, Inc., the developer or consultant who represents the Declarants; Rockefeller may act as Secretary/Treasurer for the purpose of collecting assessments due and paying therefrom any costs accrued for the maintenance of the common improvements or open space of RM PUD.

(b) Special assessments for capital improvements, such assessments to be established and collected as hereinafter provided. The monthly and special assessments, together with interest, costs and reasonable attorneys fees, shall be a charge on the land and shall be a continuing lien upon the property against which each such assessment is made. The secretary of the association shall be authorized to file a lien against the property for any unpaid assessments. Each such assessment, together with interest, costs and reasonable attorney's fees shall also be the personal obligation of the person who was the owner of such property at the time when the assessment fell due.

163540

Section 2. PURPOSE OF ASSESSMENTS. The assessments levied by the Association shall be used exclusively to promote the recreation, health, safety and welfare of the residents with the properties and for the improvement and maintenance of the properties, to include but not be limited to road maintenance, snow removal, utility line maintenance, water well, water lines, fire hydrants and fire containment water source maintenance, sewage line and lift station maintenance, landscaping maintenance, weed control, subdivision perimeter fencing maintenance, Association secretary or clerks wages or compensation, mailing costs, filing fees, professional fees and other expenses incurred by or related to and authorized by the Association.

Section 3. MAXIMUM MONTHLY ASSESSMENT. Commencing on Sept 20, 2002, the maximum monthly assessment shall not exceed Forty Dollars (\$40.00) per month per residential parcel or lot, or the minimum rate determined by budget hearing at the organizational meeting of the RM PUD Homeowner's Association. It is the intent that monthly assessments be as low as possible, but to be able to cover the costs of maintenance. Said assessment level shall be decided by the majority of the quorum of the first Association organizational meeting. The foregoing notwithstanding, commencing January 1, 2005, the Board of Directors of the Association shall have the right to increase from time to time the maximum monthly assessment upon written notice to the members to keep up with inflation proportionate to increases in a Consumer Price Index or similar index selected by the Board of Directors.

Section 4. DATE OF COMMENCEMENT OF MONTHLY ASSESSMENTS AND DUE DATES: The monthly assessments provided for herein shall commence as to all parcels or lots subject to assessment on the first day of the month following the conveyance of each parcel or lot. The Board of Directors shall fix the amount of the monthly assessment against each parcel or lot at least thirty (30) days in advance of each monthly, quarterly or annual billing period and written notice of the monthly assessment shall be sent to every owner subject thereto. The due dates and the frequency of billing shall be established by the Board of Directors or elected Officers. At the election of the Board, assessments may be assessed in advance, so as to accrue an operating account, as funds are typically required to maintain the common elements of the subdivision. The Association shall, upon demand furnish a receipt signed by the Clerk, Secretary or Treasurer of the Association setting forth whether the assessments on a specified parcel or lot have been paid to a closing agent or lender.

Section 5. EFFECT OF NONPAYMENT OF ASSESSMENT: Any assessment not paid within thirty (30) days after the due date shall bear interest from the due date at the maximum rate of interest provided by Idaho law. The Association may file a lien of record, bring an action a law against the owner personally obligated to pay the same, or foreclose the lien against the applicable parcel or lot. No owner may waive or otherwise escape liability for the assessments provided for herein by non-payment, non-use, or abandonment of his parcel or lot.

Section 6. SUBORDINATION OF THE LIEN TO MORTGAGES. The lien of the assessments provided for herein shall be subordinated to the lien of Declarants first mortgage or purchase contract. Sale or transfer of any parcel or lot shall not operate to discharge the assessment lien, unless said lien is paid, satisfied or discharged by the lien holder, upon said sale or transfer of the parcel or lot. It is the intent that all liens shall be paid in full by the closing agent of any sale of any parcel or lot and the Secretary/Treasurer shall provide said closing agent with a statement of assessments due, plus accrued interest, so as to facilitate payment and collection. It is recommended that the Association provide each acting title company with current information as to assessment rates and a contact person for assessment communication purposes, so as to avoid sales of parcels or lots that may otherwise have delinquent or unpaid assessments that may not show a lien of record.

Section 7. OPEN SPACE MANAGEMENT. RM PUD is required by Teton County to have an open space management agreement. The Declarants reserve the right to establish a conservation easement with and over the common open space area, by making a donation of said open space to the Teton Regional Land Trust or other similar entity established for conservation purposes. In the event that the

163540

open area is not conveyed to a Land Trust, the Association shall be responsible for maintaining the open area, as a natural grass lands environment, to not be farmed or hayed unless approved by a majority of owners. Maintenance shall include the control of noxious weeds that may take root upon the premises. The costs of maintenance shall be paid for from assessments collected by the Association. Teton Investors, Inc. shall bear all responsibility and costs for maintenance of the open area, roadsides, road surfaces, and community systems of RM PUD, until the Association is formally organized and funded by collected assessments. Upon formal organization of the Association, the Association shall bear full responsibility for all maintenance procedures related to RM PUD. The open space depicted on the plat of record shall remain as open space in perpetuity and shall not be further divided or parceled.

Section 8. QUALITY MONITORING & MAINTENANCE OF COMMUNITY WATER SYSTEM. Prior to the formal organization of the River Meadows Homeowner's Association, Teton Investors, Inc. (owner) shall be responsible for the maintenance and water quality monitoring of the community system, in accordance with IDWR and IDEQ requirements. Upon formal organization of the Association, which shall occur upon the initial development owner's sale of 15% of lots within RM PUD, the Association shall take full responsibility for maintenance and water quality monitoring of said water system.

ARTICLE IV

ARCHITECTURAL CONTROL

Section 1. DESIGN COMMITTEE; ORGANIZATION; POWER OF APPOINTMENT AND REMOVAL OF MEMBERS. There shall be a design committee organized as follows:

(a) The Design Committee (DC) shall consist of three (3) members. For ease in management and continuity of Design Committee action, the Association's elected board or President, Vice President and Secretary or Treasurer may also be appointed as the Design Committee members. At the election of the Association membership, a separate committee may be elected as the Design Committee. In the formative period, prior to the organization of the Association, at least two Design Committee members shall be Declarants (or shareholders of Declarants corporation) and one shall be Mark S. Rockefeller the developing agent, at his election (or such other person designated by Declarants). Rockefeller (or such other person designated by Declarants) shall be compensated at an agreed upon rate, for time contributed as a Design Committee member.

(b) Each of said persons shall hold his office until such time as he has resigned or until his successor has been appointed by the Association or Declarants.

Section 2. DESIGN COMMITTEE: DUTIES. It shall be the duty of the Design Committee (DC) to consider and act upon such proposed plans submitted to it from time to time, by member or members of the Association, and to adopt and administer Design Committee rules pursuant to Section 4 of this Article.

Section 3. DESIGN COMMITTEE: MEETINGS; ACTION; COMPENSATION; EXPENSES. The Design Committee (DC) shall keep and maintain a record of all action from time to time taken by the Design Committee at such meetings or otherwise. The vote or written consent of two members shall constitute an act by the Design Committee. During the formative years and prior to the organization of the Association, the Declarants shall have the right to pay reasonable compensation to the appointed Design Committee members, in return for their actions. After Association organization, said Association shall vote upon and approve any compensation issues related to the design committee actions.

Section 4. DESIGN COMMITTEE RULES. The Design Committee may, from time to time, and in its sole discretion, adopt, amend and repeal by unanimous vote, rules and regulations, to be known as Design Committee Rules. The Association membership shall have the right, by a majority vote, to repeal or amend any Design Committee Rules adopted by the Committee. A copy of the Design

163540

Committee Rules, as they may from time to time be adopted, amended or repealed, certified by any member of the Design Committee, shall be available for each parcel or lot owner requesting the same from any member of the Design Committee, and shall have the same force and effect as if they were a part of the RM PUD Subdivision CCR's. The Design Committee Rules are intended to govern the due process of the design review and approval process and are not to be considered the same as the Design Guidelines, made a part hereof. The design committee may record the same if deemed necessary.

Section 5. PLAN SUBMITTAL. Two copies of any proposed plans and related data shall be furnished by the parcel or lot owner to the Design Committee, prior to disturbing the natural condition or setting of any parcel or lot. One copy shall be retained by the Design Committee for its records. Any approval given by the Design Committee shall not constitute a warranty, express or implied, of compliance with any applicable building or safety codes or for any other purposes other than the authority for the person submitting the plan to commence construction. Any improvement installation shall be performed in accordance with local and state laws and regulations. The Design Committee reserves the right to inspect and enforce the CCR's and Design Guidelines and shall have the right to enjoin or otherwise deny the applicants right to complete construction of improvements which do not conform to the minimum standards of the CCR's and Design Guidelines.

Section 6. NONWAIVER. The approval by the Design Committee of any plans, drawings or specifications for any construction or improvement proposed, or in connection with any other matter requiring the approval of the Design Committee under these Covenants, Conditions and Restrictions, shall not be deemed to constitute a waiver of any right to withhold approval as to any similar plan, drawing, specification or matter whenever subsequently or additionally submitted for approval by any owner for any parcel or lot at any time.

Section 7. LIABILITY. Neither the Design Committee nor any member thereof shall be liable to the Association, to the Declarants, to any owner of any parcel or lot or to any other Design Committee Member for any loss, cost, expense, damage, or prejudice suffered or claimed by any individual or entity on account of (a) the approval, or lack thereof, of any plans, drawings and specifications, whether or not defective, (b) the construction or performance of any work, whether or not pursuant to approved plans, drawings and specifications, (c) the development, or manner of development, of any parcel or lot within the properties; provided, however, that such member has, with the actual knowledge possessed by him, acted in good faith. Without in any way limiting the generality of the foregoing, the Design Committee, or any member thereof, may, but is not required to, consult with or hear the Association or any owner with respect to any plans, drawings or specifications, or any other proposal submitted to the Design Committee. The cost of such consultation is to be borne by the owner/applicant.

ARTICLE V

DESIGN STANDARDS

Section 1. GENERAL STANDARDS.

The following standards and restrictions are applicable to the construction, remodeling, alteration and exterior refinishing of any and all improvements and site preparation upon each parcel or lot classified as a residential dwelling.

Section 2. DESIGN CHARACTER.

The design characteristics of all residential structures shall be required to have interesting architectural features, which shall be subject to the approval of the design committee. There shall be no square or rectangular shaped structures. Residential structures shall have both inside and outside corners and there shall be no less than six outside corners and two inside corners, exclusive of attached garages. See Design Guidelines.

163540

- (a) All improvements shall be of new construction, subject to the prior approval of the Design Committee, which approval of construction may be withheld completely.
- (b) Exterior materials shall be of natural wood, peeled log, stone or other similar natural material. Uniform turned log components are not acceptable, unless approved by the Design Committee. Roof materials shall be cedar shake or wood shingle, ceramic tile, cement tile, or heavy weight asphalt shingle of architectural grade, 30 year warranty. Other roof materials shall be considered by the Design Committee, upon written request.
- (c) Exterior finishes shall be semi-transparent or heavy bodied stains, or pigmented or clear non-glossy or satin finish preservatives. Glossy painted finishes shall not be permitted. All exposed metals shall have a dull colored finish, or shall be flat color anodized or painted.
- (d) Exterior colors shall be subdued and in the earth tone range. Earth tones shall be defined as colors specifically approved by the Design Committee and shall include but not be limited to hues of brown, beige, tan, black, gray, or green and only approved upon submittal of actual colored surfaces to be installed upon the subject improvements. Color samples, on pieces of all exterior materials and roofing materials to be used, shall be submitted to the Design Committee for approval.
- (e) All structures shall provide for the installation of drainage control components that prevent roof run-off from splashing back onto the structures exterior walls, resulting in discoloration of siding or masonry around the perimeter lower wall sections of the structure. Said components may be in the form of installed gutters and down spouts or may utilize suitable water deflecting or absorbing materials at ground level, so as to prevent discoloration.

Section 3. BUILDING DESIGN.

- (a) Not more than one single family residence shall be constructed on any lot. A detached guest suite or house or other accessory building may not be permitted. All garages shall be structurally attached to the primary residence by more than a breeze-way or walkway, requiring approval of the DC. All utility storage shall be attached to the home and shall be subject to DC review and approval.
- (b) The minimum floor area of any residence shall be not less than 1,300 square feet, exclusive of a garage, carport or unenclosed porches or decks; and the maximum square footage, exclusive of a garage, carport or unenclosed porches or decks, shall be 4,000 square feet. If the gross square footage of a residence is at the 1,300 square foot minimum and a second story is desired, being a part of the gross 1,300 square feet, then the ratio of the ground floor to the second story will be two to one (2:1), respectively. Daylight or walkout basements, or below grade inhabitable space shall not be recommended, due to the seasonally shallow subsurface water level within the boundaries of River Meadows, and may be disallowed by the DC.
- (c) The maximum building height of any residential structure shall not exceed twenty five (25) feet, from original existing and natural grade unless prior written approval is received from the Design Committee. Variances shall be considered, subject to the Design Committee approval. All heights shall be measured from the original and natural grade level, at any cross section of the structure from original natural grade to the highest point of the structure immediately above. For the purposes of this section, the elevation of original existing and natural grade is that which exists prior to any modification of the original and natural earth elevation, located upon a given lot. The finished grade shall not be more than two feet above the existing, natural grade which existed prior to site modification, unless variance therefore, is approved. Minor projections shall be subject to prior written approval by the Design Committee and shall include chimneys or other prior approved structures not enclosing habitable space, unless they are deemed to be objectionable by the Design Committee.
- (d) Roofs shall have a minimum pitch of six feet in twelve feet. All primary roofs shall have a minimum overhang of twenty (24) inches. Solar collectors shall not be considered as roofs.

163540

(e) All exposed foundations of concrete or masonry construction shall be either suitably faced with rock, brick or other suitable veneers approved by the Design Committee, and if concrete is not faced, same shall be stained, dyed, painted, stucco or otherwise finished in a manner acceptable to the DC, unless otherwise approved by the Design Committee.

(f) Solar collectors or wind generators shall not be placed on any structure in a manner which causes glare to any neighboring residence. Solar collectors shall be integrated into the structure of a residence or garage and shall not be free-standing. Solar collectors and wind generators or other similar installations shall be permitted only upon written approval of the Design Committee.

(g) Building setbacks shall conform to that stated on the final plat or being 20 feet from front and rear lot lines and 10 feet from each side lot line. Final plat setbacks shall govern, if different than those stated above.

Section 4. SITE DESIGN AND BUILDING LOCATIONS.

(a) It is of particular importance that the building locations and heights be adhered to, as it is the intent of these covenants to protect against visibly obtrusive structures. The Design Committee shall have the right to require and effectuate the removal of buildings or projections therefrom, at the actual cost of the violating parcel owner. Owners, by virtue of these Covenants, Conditions, and Restrictions of record shall consent to the above and the other provisions contained herein.

(b) Finishing grade on all buildings shall assure drainage of surface water from buildings and avoid concentrating runoff onto adjacent properties. For a distance of ten (10) feet a minimum fall of six (6) inches in ten (10) feet shall be provided at the perimeter of all buildings which have non-impervious surfaces and one (1) inch in ten (10) feet for impervious surfaces. The entire site shall have positive drainage to rights-of-way or existing and natural drainage and shall utilize natural draws to facilitate drainage as required.

(c) Automobile storage shall provide for a minimum of one outdoor and two indoor parking spaces, in a garage, for each dwelling unit. Carports shall not be considered indoor parking. Parking spaces, whether interior or exterior, shall have minimum dimensions not less than twelve (12) feet wide by twenty four (24) feet long and shall be readily accessible by a driveway. All parking spaces and driveways shall be graveled, asphalted or made of concrete. Gravel surfaces shall include both base gravel or pit run of a minimum of six (6) inches and finish gravel sized at one (1) inch minus or less and shall have a minimum depth of three (3) inches, installed such that all course base gravel is covered by finish gravel and crowned to insure proper drainage.

(d) Perimeter or cross fences shall not be allowed due to openness of the terrain. Privacy fences shall be allowed. A privacy fence is a fence which is architecturally integrated with a building and is located within thirty (30) feet of building structures, but to not infringe upon the setback limits stated 3.(g), above. Fencing on the perimeter of the subdivision shall be of a uniform kind and may be required to hold out neighboring livestock. Said perimeter fencing shall be maintained by the Association.

(e) Utilities shall be installed underground. No antenna shall be installed on any structure or lot so that it is visible from any other parcel or lot, recommending that necessary antennas be installed within the attic portion of the structure. Satellite dishes shall not exceed 2.5 feet in diameter and shall not be free standing, but installed on the side of a residence, and not on the roof surface or roof fascia. Exterior lighting fixtures shall be subdued and shall not exceed one hundred (100) watts and the bulb shall be shrouded, so as to project light only down and not horizontally or upward.

(f) Landscaping Requirements shall include: (A) An irrigated, sodded lawn area surrounding the entire perimeter of the residence and to the lot line, unless DC approved ground cover is used; (B) A minimum of three - eight (8') foot tall evergreen trees situated in at least two groups; (C) Two - two (2") caliper or base trunk diameter canopy trees; and (D) Three - six to eight (6'-8") tall multi-stem trees or

163540

large shrubs. Drip irrigation systems are required to be installed at time of planting of trees and shrubs, to sustain said required landscaping, above, unless sodded lawn areas are provided for with automatically controlled timer type sprinkle irrigation systems which regularly irrigate all landscape vegetation. A Landscape plan is required to be submitted to the Design Committee, with all plans for residential construction. Said plan shall list the landscape components proposed by the owner. In view of RM PUD Design Committee's desire to allow for individual expression, deviation from these requirements will be considered by the DC with properly presented plans submitted by the applicant. Applicants are encouraged to submit plans that add contour, berms, or other features which, if approved by the DC, enhance the terrain of the subject parcel. Excavated material from the residence foundation shall be utilized as base for topsoil application of landscaping contours or said material shall be removed from the site within three weeks of the completion of the exterior of the residence.

ARTICLE VI

LAND USES AND RESTRICTIVE COVENANTS

Section 1. GENERAL RESTRICTIONS. The following general restrictions shall apply to all residential parcels or lots within RM PUD Subdivision.

(a) No building, structure, sign, fence, refinishing or improvement of any kind shall be erected, placed or permitted to remain on any structure, parcel or lot shall be erected, placed, done or permitted to remain on any structure, parcel or lot until the plans, specifications and exterior material samples and color specifications therefore have been approved in writing and a building permit has been issued by the Design Committee. Plans for buildings or the refinishing or improvement of the same, shall include scaled floor plans, exterior elevations indicating height, a list of exterior materials, and a site plan. Plans and elevations shall clearly show all external features and materials for all structures. They shall show garages, porches, decks, stoops, chimneys, vents, doors and windows, trim and special architectural features. Site plans shall show the elevations of finished floors and existing and finished grades, and shall show the entire site and the location of all rights-of-way, easements, buildings, decks, driveways, parking areas, fences and utilities. Specifications shall describe all exterior finishes.

Section 2. RESIDENTIAL AREA; USES; RESTRICTIONS;

Each residential parcel or lot shall be used exclusively for single family residential purposes, and no more than one family (including its servants and transient guests) shall occupy such residence and no parcel or lot shall be further divided or parcel split; provided, however, that nothing in this subparagraph shall be deemed to prevent:

(1) Any artist, or artisan who is an owner or from pursuing his artistic calling upon the parcel or dwelling unit owned by such artisan if such artist, artisan also uses such parcel or dwelling unit for residential purposes, is self-employed and has no employees working on such parcel or in such dwelling unit, and does not advertise any product or work of art for sale to the public upon such parcel or dwelling unit. However no equipment or supplies can be stored outside of any structure. No vehicles such as construction vehicles and any vehicles with materials on them can remain on the property overnight, unless during the construction period and used therefor.

(2) The leasing of any primary residence, from time to time, by the owner thereof, subject, however, to all of the restrictions as may be adopted from time to time by the Association. Any lease shall contain a clause that the lessee shall be bound by the Covenants, Conditions and Restrictions.

(b) Each residential parcel or lot, and any and all improvements from time to time located thereon, shall be maintained by the owner thereof in good condition and repair, and in such manner as not to create a fire hazard, all at such owner's sole cost and expense.

(c) All wood stove installations shall comply with all Underwriters Laboratory (UL) criteria, to

163540

specifically include spark arrestor installation. Proximity of fireplaces, wood stoves and related chimney and flue installations to combustible materials, including roofing, and wooded environs shall be addressed and/or restricted by the Design Committee.

(d) Non-maintenance, lack of weed control, accumulation of garbage, refuse, debris or unsightly materials or possessions, may cause the Association to act on clean-up of the same and parcel or lot owners shall not stop the Association from acting in the best interest of the Association. No non-working motor vehicle shall not be stored upon any parcel for more than two weeks. Attached oversize garages, subject to the approval of the DC, are encouraged; so long as same does not exceed 50% of the square footage of the main floor level of the primary residence; so as to facilitate the parking of all vehicles, other than guest vehicles, within the interior of the attached garage. No more than one vehicle, in good working order, may be parked outside on a regular basis. The DC reserves the right to enforce this provision, at the cost of the owner. Boats, campers or other personal property shall not be stored outside, other than for a temporary period not to exceed two weeks. The cost of any removal or clean up shall be at the sole expense of the owner. Failure to pay said cost shall result in the assessment of interest and/or the levy of a lien against the parcel or lot owned by the owner.

(e) No noxious or offensive activity shall be carried on upon any parcel or lot, nor shall any activity be carried out upon the properties which is prescribed by the present or future law, nor shall anything be done or placed thereon which may be or become a nuisance, or cause a nuisance, disturbance or annoyance to the other owners in the enjoyment of their parcels. In determining whether there has been a violation of this subparagraph or subparagraphs (b), (c) and /or lots above, recognition must be given to the premise that owners, by virtue of their interest and participation in the subdivision, are entitled to the reasonable enjoyment of the natural benefits and surroundings. Without limiting any of the foregoing, no exterior speakers, horns, whistles, bells or other sound devices, except security devices used exclusively to protect the security of the parcels or lots and improvements thereon shall be placed or used upon any parcel or lot.

(f) Pets shall be housed and fed indoors and in a manner so as to not become a wildlife attractor or to be harassing to neighbors, wildlife or neighboring pets, and shall not be allowed to run loose. There shall be no dog kennels or dog runs. Due to the natural open space or common area and habitat of RM PUD no livestock shall be maintained upon any parcel or lot, including but not limited to horses, cattle and other livestock, unless specifically approved by the Design Committee.

(g) No signs whatsoever, including but not limited to, commercial, political and similar signs, visible from neighboring property, shall be erected or maintained upon any parcel or lot, except:

- (1) Such signs as may be required by legal proceedings;
- (2) Residential identification signs of a combined total face area of two (2) square feet or less for each residence;
- (3) During the time of construction of any residence or other improvement, job identification signs having a maximum face of six (6) square feet per sign and of the type usually employed by contractors, subcontractors and tradesmen;
- (4) Not more than one For Sale or For Rent sign having a maximum face area of six (6) square feet per side.

(h) No house trailer, mobile home, tent, teepee, yurt or similar facility or temporary structure shall be kept, placed or maintained upon any parcel at any time; provided however that the provisions of this subparagraph shall not apply to temporary construction shelters maintained during, and used exclusively in connection with, the construction of any work or improvement permitted by these covenants, for a maximum period of eight (8) consecutive months; or tents or teepees erected upon lots for recreational use, so long as said tents or teepees are not left standing for more than seven consecutive calendar days. No person shall reside in or live in such temporary construction shelters or facilities.

163540

(i) No trailer of any kind, truck camper or boat shall be kept, placed or maintained upon any parcel in such manner that such trailer, truck camper or boat is visible from neighboring property. Suitable buildings, landscaping or screening shall be required to prevent visibility from other parcels or lots.

(j) All garbage and trash shall be placed and kept in covered containers which shall be maintained so as not to be visible from neighboring property. The collection and disposal of garbage and trash shall be in strict compliance with such rules as may be adopted by the Association, which may provide for common collection points. The maintenance of accumulated waste materials is prohibited, unless for composting purposes. All compost piles shall be screened from neighboring or other parcel or lot views and odors therefrom shall not be objectionable to any other parcel or lot owners, or said odorous condition shall be remedied at the cost of the parcel or lot owner. The cost of garbage and trash collection shall be paid by each owner, in accordance with the billing of the collector.

(k) Outside clothes lines or other outside clothes drying or airing facilities shall be maintained exclusively within the area of the privacy fence described above and shall not be visible from other parcels or lots within the properties.

(l) There shall be no exterior fires whatsoever except barbecue fires, contained within receptacles therefore, outdoor camp fires and such fires as may from time to time be permitted by the Association rules and only upon common open space designated by the Association. Given proximity to grass lands and prevailing winds, fire spreading danger is significant, especially during dry seasons. Abatement of air pollution is of particular importance and the Association shall have the right to address and abate same, as is deemed necessary. The burning of trash, organic matter, or miscellaneous debris shall be prohibited, whether in the open or in trash burning receptacles.

ARTICLE VII

GENERAL PROVISIONS

Section 1. PARCEL CONSOLIDATION. Two or more contiguous parcels or lots within the properties may be combined, provided notice of intention to consolidate such parcels or lots is filed with and approved by the Design Committee. Such consolidated parcels or lots may thereafter be treated as one building site, and such site shall be subjected to these restrictions the same as a single parcel or lot except for the purpose of levying and collecting assessments. The residential construction for the combined parcels or lots may be relocated where approved by the Design Committee.

Section 2. MINERAL ACTIVITIES PROHIBITED. No mining or other mineral extraction development activities shall be permitted on any parcel or lot, including the extraction of gravel, top soil, sub-soils or the like, unless same is part of the process of building roads or other improvements, performed only by the Subdivision developer, but specifically disallowed by parcel owners or their contractors or agents.

Section 3. MAINTENANCE. The Association shall, at the requirement of the District Fire Marshall, pay the cost to operate and maintain in good and sufficient operating condition at all times, the fire containment water system for RMPUD Subdivision.

Section 4. NOXIOUS WEED CONTROL. Noxious weed control upon any parcel shall be the responsibility of the parcel or lot owner, but should said owner not control noxious weeds upon the owned parcel or lot, on an annual basis, the Association (or Declarants prior to formation of the Association) shall have the right to contract for such control services, the cost of such services to be borne by the parcel or lot owner. Failure to pay any such costs shall result in the levy of a lien against the parcel or lot owned by the owner. The party or company so contracted shall have the right to enter upon any such parcel to treat noxious weeds without any liability for trespass. It shall be the responsibility of the parcel or lot owner to supervise weed control upon his parcel or lot and to instruct the applicator to avoid areas of landscaping which may be damaged by the applicators chemicals. Subdivision roadway, utility right-of-

163540

ways and common open space weed control shall be maintained and contracted for and paid by the Association, out of monthly assessments collected and accrued for general maintenance. See page 3, Section 7 for maintenance of open area and noxious weeds within the open area.

Section 5. WATER SYSTEMS, WELLS AND SEWAGE DISPOSAL. Each residential building shall be connected to the community water system. Connection shall be subject to the approval of the DC allowing for a maximum 3/4" diameter line with meter approved by and acceptable to the DC. Each owner is responsible for the cost to install a specific required meter and lines to hook-up to the community water system. The Association shall assess each lot owner a fee not to exceed \$750.00 per lot for hookup, and said fee shall be paid prior to the owner being allowed to turn on water to the premises. Said assessed fees shall accrue in an account specifically allocated to pay for the cost to operate, maintain or improve the community water system, to include its wells, distribution lines, hydrants, common irrigation systems, periodic purity testing, management or replacement. The Association hereby reserves the right to monitor water consumption and assess monthly water user fees to each water user. Connection to the waste-water disposal system and community water system shall conform to all applicable standards of the State of Idaho, Teton County and any other regulatory agency having jurisdiction over same. Fees to connect to and use the waste-water system shall be charged each residence user. Non-payment of assessed fees shall result in the Association or Teton Counties right to disconnect or otherwise terminate use of the system. No residence shall be inhabited unless the owner or resident thereof complies with use regulations of this document or use regulations adopted by the Association.

Section 6. COMMON ACCESS ROADS, PRIVATE. The common interior access roads depicted on the plat for RM PUD shall be private roads at all times.

Section 7. SNOWMOBILES AND MOTORCYCLES PROHIBITED. No snowmobile, motorcycle, or other similar motor device or wheeled vehicle shall be operated on any parcel or lot or on "open areas" for recreational purposes. Snowmobiles, motorcycles or similar vehicles may be used for access to and from residential structures, to the access highway. Nothing here is to be construed to prevent the Declarants or those entrusted by the Association with supervision, care and maintenance of the properties to have reasonable access to all of the lands and open areas with those motorized and wheeled vehicles necessary for the proper performance of their job.

Section 8. WILDLIFE PROTECTION AND ANIMAL CONTROL GUIDELINES. Dogs or related species or crossbreeds shall not be allowed to run loose and shall be contained or be on a leash at all times. Furthermore, dogs and related species shall not be allowed to bark excessively, being not for a period longer than 30 minutes, especially during evening hours. The Declarants or the Association shall have the right to fine the owners of disruptive pets a sum starting at \$100.00 per violation and said fines shall increase by a multiplier of two (2) for each subsequent violation. The Declarants or the Association shall have the right to catch and remove loose dogs within the properties.

Section 9. OPEN AREAS. Open Areas have been established in RM PUD Subdivision and it is understood that the open area for the subdivision shall be primarily for the use and enjoyment of those residents in that specific area. However, it shall be recognized that the nature of the area invites some interaction between areas and respectful use of the open areas shall not be proscribed to residents in those two sections of the properties unless misuse is obvious. There shall be no alteration of any natural or landscaped features, springs, streams, ponds, trees, brush shrubbery or other features.

Section 10. VIOLATIONS-ENFORCEMENT-LIENS-COSTS. The limitations and requirements for land use and development set forth in these Covenants, Conditions and Restrictions shall be enforceable by the Declarants, the Association, the Design Committee, or by any owner of a parcel or lot within the properties. In addition, the Board of County Commissioners of Teton County, Idaho, shall have the authority to enforce those portions of these Covenants, Conditions and Restrictions which establish building envelopes, if applicable and limit all development on any parcel or lot, except for access roadways

163540

and utilities, to the building envelopes, if applicable, on such parcel or lot, subject to variances approved by the Design Committee.

Every owner of a parcel or lot within the properties hereby consents to the entry of an injunction against him or her or his or her tenants or guests, to terminate and restrain any violation of these Covenants, Conditions and Restrictions. Any parcel or lot owner who uses or allows his or her parcel or lot to be used or developed in violation of these Covenants, Conditions and Restrictions further agrees to pay all costs incurred by the Declarants, the Association, the Design Committee or other parcel or lot owner in enforcing these Covenants, Conditions and Restrictions, including reasonable attorney's fees. The Association shall have a lien against each parcel or lot and the improvements thereon to secure the payment of any billing for common services, special assessment, or penalty due to the Association from the owner of such property which is not paid within the time provided by these Covenants, Conditions and Restrictions plus interest from the date of demand for payment at the maximum rate of interest permitted by Idaho law. The Association is authorized to record a notice of lien in the Office of the County Clerk of Teton County, Idaho, which shall include a description of the property and the name of the owner thereof and the basis for the amount of the lien. A copy of the notice of lien as filed in the County Clerk's office may be sent to the owner by certified or registered mail. Any lien may be foreclosed in the manner provided for foreclosure of mortgages by the statutes of the State of Idaho. In addition to the principal amount of the lien plus interest, the Association shall be entitled to the payment of all costs incurred in the establishment or enforcement of any lien, including filing costs and attorney's fees.

Section 11. AMENDMENT-VARIANCE. These Covenants, Conditions and Restrictions may be amended only by written consent of 75% of all parcel and lot owners within the properties.

Section 12. SEVERABILITY. Any decision by a court of competent jurisdiction invalidating any part or paragraph of these Covenants, Conditions and Restrictions shall be limited to the part or paragraph affected by the decision of the Court, and the remaining paragraphs and the Covenants, Conditions and Restrictions therein shall remain in full force and effect.

Section 13. ACCEPTANCE OF COVENANTS. Every owner or purchaser of a parcel or lot within the properties shall be bound by and subject to all of the provisions of these Covenants, Conditions and Restriction, and every parcel or lot owner or purchaser through his or her purchase or ownership expressly accepts and consents to the operation and enforcement of all of the provisions of these Covenants, Conditions and Restrictions.

ARTICLE VIII

RIGHT TO FARM ACT

The Right to Farm Act – Idaho Code Chapter 45, Sections 22-4501 through 22-4504, is hereby made a part of this document.

ARTICLE IX

ENFORCEMENT, DURATION AND VIOLATION

Section 1. ENFORCEMENT. The Declarants, the Association, the Design Committee or any owner, shall each have the right to enforce, by any proceeding at law or in equity, all restrictions, conditions, covenants, reservations, liens and charges now or hereafter imposed by the provisions of these Covenants, Conditions, and Restrictions. Failure by any of them to enforce any covenant or restriction herein contained shall in no event be deemed a waiver of the right to do so thereafter.

Section 2. DURATION OF COVENANTS. All of the covenants, conditions and

163540

restrictions set forth in these Covenants, Conditions and Restrictions shall continue and remain in full force and effect at all times against the said properties and the owners of any parcels or lots therein, subject to the right of amendment or modification provided for in Article VIII, Section II, for a term of twenty (20) years from the date of filing of same with the Teton County Clerk, Idaho, after which time they shall be automatically extended for successive periods of twenty (20) years.

Section 3. VIOLATION CONSTITUTES NUISANCE. Every act or omission, whereby any restriction, condition or covenant in this Declaration set forth, if violated in whole or in part, is declared to be and shall constitute a nuisance and may be abated by Declarants, the Association or their successors in interest and/or by any parcel or lot owner; and all remedies specified herein shall be deemed cumulative and not exclusive.

First Amendment to Declaration of Covenants, Conditions and Restrictions of River Meadows HOA

WHEREAS, River Meadows Homeowner's Association has existing CC&Rs recorded on September 20, 2004 in Teton County Idaho Recorder's Office as instrument number 163540;

WHEREAS, River Meadows Homeowner's Association desires to make some minor changes to said CC&Rs pursuant to its inherent powers;

WHEREAS, Over 75% of the lot owners of River Meadows Homeowner's Association have voted in favor of the below amendment;

NOW THEREFORE, The following paragraphs shall be amended and added by changing the wording in the following manner.

Article V Section 4: The following language shall replace Article V Section 4:

Fences may be installed along property perimeter according to the following specifications. Fences shall be post and rail with one top rail and an optional single center rail. Solid fencing material is prohibited. Fences may be lined with wire fencing with 2" x 4" mesh opening, shall not exceed 5 feet in height and must be set back 5 feet from the front corner of the home. Fencing of front yards is prohibited. Replacement of existing fences must meet the specifications above.

Privacy fences must meet the setbacks as stated in Article V, Section 3(g) of the existing CC&R's, but will not exceed 6 feet in height, must be architecturally integrated with the home and must be set back 5 feet from the front corner of the home. Written approval by the Design Committee is required prior to the installation of any fence.

Fencing on the perimeter of the subdivision shall be of uniform kind and may be required to hold out neighboring livestock. Said perimeter fencing shall be maintained by the Association.

This Amendment is enacted as of this 21 day of Aug 2012.

Correction to the First Amendment to Declaration of Covenants, Conditions and Restrictions of River Meadows HOA

WHEREAS, River Meadows Homeowner's Association has existing CC&Rs recorded on September 20, 2004 in Teton County Idaho Recorder's Office as instrument number 163540;

WHEREAS, River Meadows Homeowner's Association desires to make some minor changes to said CC&Rs pursuant to its inherent powers;

WHEREAS, Over 75% of the lot owners of River Meadows Homeowner's Association have voted in favor of the below amendment;

WHEREAS, "The First Amendment to Declaration of Covenants, Conditions and Restrictions of River Meadows HOA" has already been recorded with the county on 12/12/2012.

WHEREAS, "The First Amendment to Declaration of Covenants, Conditions and Restrictions of River Meadows HOA" was intended to only replace Article V Section 4(d), but the (d) was left off of the document.

NOW THEREFORE, The following paragraphs of the original CC&Rs shall be amended and added by changing the wording in the following manner. (Only replacing Article V Section 4(d).

Article V Section 4(d): The following language shall replace Article V Section 4(d):

Fences may be installed along property perimeter according to the following specifications. Fences shall be post and rail with one top rail and an optional single center rail. Solid fencing material is prohibited. Fences may be lined with wire fencing with 2" x 4" mesh opening, shall not exceed 5 feet in height and must be set back 5 feet from the front corner of the home. Fencing of front yards is prohibited. Replacement of existing fences must meet the specifications above.

Privacy fences must meet the setbacks as stated in Article V, Section 3(g) of the existing CC&R's, but will not exceed 6 feet in height, must be architecturally integrated with the home and must be set back 5 feet from the front corner of the home. Written approval by the Design Committee is required prior to the installation of any fence.

Fencing on the perimeter of the subdivision shall be of uniform kind and may be required to hold out neighboring livestock. Said perimeter fencing shall be maintained by the Association.

This Amendment is enacted as of this 26 day of June 2013.
